DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 8-10 depend from new claim 6.

New claim 10 depends on new claim 9.

New claims 11 depends on new claim 10.

New claims 12 depends on new claim 6.

New claims 13 depends on new claim 12

New claims 14 depends on claim 13.

New claim 15 depends on new claim 13.

New claim 17 depends from claim 15

New claims 19-22 depends on new claim 18.

New claims 27-29 depends on new claim 23.

New claim 27 depends on new claim 26

New claim 28 depends on new claim 27.

New claim 29 depends on new claim 23.

New claim 30 depends on new claim 29.

New claim 31 depends on new claim 30.

New claim 32 depends on new claim 30.

Allowable Subject Matter

Claims 1-5, 7-12, 14-24, 26-31 and 33-36 are allowed over the prior art of record as amended in the 12/09/10 reply.

The following is an examiner's statement of reasons for allowance: The claims in this application have been allowed because the prior art of record fails to disclose either singly or in combination the claimed device of a retractable syringe having first and second plunger members which are arranged to be rotationally disengaged in order to facilitate decompression of a spring therebetween in order to allow for retraction of the needle mount and the delivery of fluids. The second plunger further comprises a seal.

The closest prior art of record is US Patent 6,716,191 to Sergio, US Patent 5,211,628 to Marshall, US Publication 2003/0158525 to Thorley et al, however, these references do not disclose the device as claimed or described above.

Regarding claims 1, 7, 18 and 20, the closest prior art of record fails to teach among all imitations or render obvious the specifics of the second plunger being rotatably disengaged with the first in order to release the spring.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
